POWERING NEW IDEAS

MADE BY

Campus & Career

Jobs. Career. Consulting

Campus & Career is the No. 1 contact point when it comes to jobs and careers in the agricultural sector.

Regardless of whether you're a job entrant, "an old hand" or a lateral entrant - there's something for everyone here.

Meet companies that are looking for you!

■ Job Dating – How to find the right employer

Use the opportunity to make appointments for meetings.

The employees present themselves with brief profiles under Campus & Career on the EuroTier website. The special thing about this is: in addition to an overview of the participating companies, you can see at a glance what sectors are searching for employees. With a contact button you can then specifically address the companies that interest you in order to already arrange a appointment at the trade fair in advance.

■ Campus & Career Guided Tours

You're still unsure which employer is right for you? Our guided tours can help you orient yourself. Based on your interests, you will be assigned to a small group and will visit suitable employers at Campus & Career together with your guide. Beforehand you will also be provided with tips on how to apply for a job. Use the offer and register for the guided tours online until 12 October. The number of places is limited! The guided tours take place on Wednesday, 14 November 2018 starting at 4 pm and will be organised together with our partner AgroBrain.

There's a lot to discover!

■ Career mile

The career mile is also opened for you only on Wednesday and Thursday. That means in addition to the companies that are on site during the entire trade fair, you can also contact other potential employers here.

■ Job wall

You're looking for a new job, an internship or even a place for your dual course of study? Then you're at the right address here. Inform yourself locally on current job offers of the EuroTier exhibitors and discover your new dream profession.

■ Campus

In addition to a large number of companies, over 20 colleges and universities are once again on-site to answer your questions and provide you with information. In conversations with students and lecturers from the different study locations, you can therefore develop a personal picture of the various study programmes. You will also be provided with exciting insights into the projects and research work of the colleges and universities.

DLG Professional and Career Counselling

Hall 26, B28

Do you need support for your personal job and career planning? We shine a little light into the darkness. Experienced DLG coaches offer personal consultations exclusively for young DLG members. And you can also have your application folder checked. That means you can not only expect new, trendsetting impulses in career planning, but also a qualified opinion on your application documents. Are you interested? Then simply make an appointment with us online.

**Registration at the EuroTier website under "Campus & Career". The counselling will be in German.
Please note the registration period!**

Lectures and Meeting Place

Young DLG and Young Farmers Day

Hall 26, B28

Once again this year, the stand of the Junge DLG (Young DLG) is the central meeting place for the younger generation of the agricultural sector. In addition to networks and an exciting exchange of ideas, you will be provided with career tips and information on events and seminars.

Use the Young Farmers Day on Thursday, 15 November 2018. Beginning at 10 am, it will offer you exciting presentations, career talks and panel discussions. Then starting at 5 pm the Young Farmers Congress will take place in the Convention Center (CC, Hall 2) before the Young Farmers Party awaits you beginning at 8 pm in the "Münchner Halle" as the conclusion to the Young Farmers Day.

There will be cool music, high spirits and plenty of fun. It's an absolute highlight of the trade fair!

Young Farmers Party Partners

Partner Events and Actions

Red Sofa – Students interview top managers

This year as well, high-ranking representatives from agriculture and animal husbandry will take their seats on the red sofa of the universities of applied science (Hall 26, A24). Here students will have a look behind the scenes of the industry and examine top managers and organisations from the agricultural sector in 15-minute interviews.

Social acceptance and appreciation of agriculture

At the 12th employees' day of the "Landwirtschaftskammer Niedersachsen" (Lower Saxony Chamber of Agriculture) the focus will be on the relationship of agriculture to society. The highlights are both the keynote talk by communications trainer and coach Eberhard Breuninger and the expert talk at which representatives of various sectors deal with the subject of "Green Professions". The employees' day will take place on Thursday, 15 November 2018. The event will begin at 9 am in the Convention Center (CC) on the trade fair grounds (4th floor, Hall 1).

Pimp my Career –

Competence coaching and job interview simulator

This year Karrero offers you competence coaching. The included personality test shows you where your strengths lie and where you can develop further. In addition, there will also be a job interview simulator. There you can immerse yourself directly in what's happening in an interview with a real human resources manager, train your abilities and obtain important feedback.

Please note: Lectures and consultancy will be in German.
