

Sales talent? Apply now!

At Dr. Eckel, we believe that there are always new ways of doing things. As a value-oriented family business, excellence, pioneering spirit and responsibility for people, animals and the environment are in our blood. Our innovative products make animal husbandry better, healthier and more profitable. This is our contribution to sustainable global nutrition and this is what we love. For our team we are looking for new colleagues who share our enthusiasm for innovation, who strive for the best together with us, who find the innovations of tomorrow and who have fun at work. For our team we are looking for you as

Area Sales Manager Phytogenics France (m/f/d)

If you enjoy selling innovative phytogenic products, we would love you to join us!

As our Area Manager Phytogenics for France, you'll get a great understanding of our products and pitch them to major clients and buyers, maintaining existing relations, and acquiring new customers and partners. You'll plan as well and conduct customer events, analyse markets, and get in close contact with your customers by traveling within France 80% of your time.

What we expect from you:

- > A master's degree in agricultural science or a comparable degree specialising in animal nutrition
- > Experience in sales, ideally in phytogenics, preferably in the feed (additive) industry
- > Great negotiating skills and an inspiring personality
- > Advanced MS Office skills
- > Fluency in French and English

What you can expect from us:

- > A varied working day and lots of flexibility in a secure industry
- > Remuneration based on performance
- > Diverse, individual training and personal development opportunities
- > A flat organisational structure in a value-oriented family business that has been named 'Top Arbeitgeber im Mittelstand' (Top 'Mittelstand' Employer) by FOCUS magazine as well as Leading Employer 2022 - awarded as top 1% of all employers in Germany
- > The best team in the world
