

Pig & Poultry Forum Hall 17 booth B46, 15.11.2022, Tuesday					
Time	Organiser	Titel	Language	Speakers	Instution Speakers
09:30-09:50	Cargill / PROVIMI B.V.	Galleon and what microbiome intelligence can do for you	English	Dr. Henk Enting	Cargill
10:00-10:20	Anitox	Pathogen Ingression into the Feed Mill: Methodologies to Prevent Salmonella Ingression and Pathogen Impacts on Live Bird Production	English	Matt Oldnall	Anitox
10:30-10:50	Vaxxinoa International B.V.	Phasing out the culling of day-old chicks - challenges and solutions until the end of 2023 and beyond	German	Anke Förster Jörg Hurlin	Agri Advanced Technologies GmbH
11:00-11:20	Vencomatic Group	AI powered MRI for Egg Analytics	German	Jennifer Volz	Orbem GmbH
11:30-12:30	WATT Global Media	Feed ingredients, additives to reduce the environmental impact of poultry production	English	Patrick Charlton Dr. Henk Enting	Europe, Alltech Cargill Animal Nutrition
12:30-12:50	ZDG/DLG	Influence of moulting on the immune system of the laying hen	German	Prof. Silke Rautenschlein	Klinik für Geflügel, Stiftung Tierärztliche Hochschule Hannover
13:00-13:20	Bundesanstalt für Landwirtschaft und Ernährung (BLE)	"Saving electricity in barn - first measure, then plan"	German	Svea Schaffner	FuE Zentrum GmbH FH Kiel
13:30-13:50	Phibro Animal Health Corporation	Balanced intestinal immunity to optimize performance, health and welfare, while reducing need of antibiotics in poultry	English	DVM,MBA Vasil Stanev	Phibro Animal Health Corporation
14:00-14:20	Forum Moderne Landwirtschaft (FML)	One in three has never spoken to a farmer! We change that – AgrarScouts talk about their experiences	German	Henriette Keuffel; Sandra Hartenstein; Mark Döhning; Sebastian Horn	Forum Moderne Landwirtschaft e.V.
14:30-14:50	Big Dutchman International GmbH	"Agilo" group farrowing systems	German	Dr. Anne Elkmann	Big Dutchman International GmbH
15:00-15:20	Zinpro Corporation	Bringing sows on the path to success with trace minerals	German	Christof Rapp	Zinpro Corporation
15:30-15:50	Gesamtbetriebliche Haltungskonzepte - Schwein	Outdoor climate housing for fattening pigs - how well do they work? Results from practical farms	German	Dr. Christina Jais	LfL Bayern
16:00-16:20	KTBL e.V.	Emission from animal husbandry - Data from the EmiDaT Project	German	Dr. Brigitte Eurich-Menden	Kuratorium für Technik und Bauwesen in der Landwirtschaft, Darmstadt, KTBL e. V.
16:30-16:50	ZDF / FLI	BroilerNet – networking in the field of european broiler farming	German	Dr. Julia Malchow Dr. Karin Deylen	Institut für Tierschutz und Tierhaltung, Friedrich-Loeffler-Institut/ Institute for Animal Welfare and Animal Husbandry, Friedrich-Loeffler-Institut
17:00-17:20	Phibro Animal Health Corporation	Every Shot Counts - implementing data-driven decisions to enhance flock immunity and productivity	English	Assaf Shafran	Phibro Animal Health Corporation
17:30-17:50	CID LINES NV	Biosecurity Program in the prevention of Avian Influenza	English	Luc Ledoux	CID LINES NV

Pig & Poultry Forum Hall 17 booth B46, 16.11.2022, Wednesday					
Time	Organiser	Titel	Language	Speakers	Instution Speakers
09:30-09:50	ViloFoss Deutschland	Practical experiences with protein reduced diets for pigs	English	Dr. Arndt Schäfer	ViloFoss Deutschland
10:00-10:20	Naturland	100% Organic Feeding for pigs - Ration Examples	German	Marie Lüke	Ökoberatungsgesellschaft mbH
10:30-10:50	TPI-Polytechnics	Ventilation and biosecurity	English	Ing. Jan Verschueren	TPI-Polytechnics
11:00-11:20	Biochem Zusatzstoffe Handels- und Produktionsges. mbH	New feeding approaches without/ with less zinc oxide. Here's how!	German	Mareike Hörstmann	Biochem Zusatzstoffe Handels- und Produktionsges. mbH
11:30-11:50	BASF SE, Nutrition & Health	Contribution of sustainability data and digital solutions to lower the environmental footprint of animal protein	German	Dr. Arnulf Troescher; Sebastian Form	BASF SE, Nutrition & Health
12:00-12:20	Big Dutchman International GmbH	Insect breeding in agriculture (using a sow house as a practical example)	German	Julius Hamelmann	Better Insect Solutions
12:30-12:50	Amandus Kahl GmbH & Co. KG	Economic and animal-welfare oriented grinding technology for pig and poultry feed	German	Dipl.-Ing. Thomas Thurner	Amandus Kahl GmbH & Co. KG
13:00-13:20	Meier - Brakenberg	Optimal slaughter weight for fattening pigs from an economic point of view with changing feed costs and fluctuating revenues	German	Wolfgang Meier	Meier-Brakenberg GmbH & Co.KG
13:30-13:50	DLG-AS Schwein	Grouping sows before insemination	German	Bernhard Feller	LWK Nordrhein-Westfalen
14:00-14:20	BASF SE	Rodent control as a part of full biosecurity	German	Andreas Beckmann	BASF SE
14:30-14:50	Zinpro Corporation	Stronger breeders for more settable eggs and more quality chicks	English	Dr. Cibebe Torres	Zinpro Corporation
15:00-15:20	Naturland	Organic brother cocks, rearing and utilisation	German	Anette Alpers	Öko-BeratungsGesellschaft mbH
15:30-15:50	Corbiota	Animal welfare	English	Julia Rohde	Corbiota
16:00-16:20	DLG	Alternative prophylactic measures to reduce antibiotic use in poultry production	German	Sebastian Sterk	Ludwig-Maximilians-Universität München
16:30-16:50	Bioland	Organic laying hens - outdoor runs: structure and management	German	Tobias Hoppe	Bioland e.V.
17:00-17:20	Gesamtbetriebliche Haltungskonzepte - Geflügel	Spill management in the context of nutrient inputs	German	Prof. Dr. Stephan Schneider	Hochschule für Wirtschaft und Umwelt Nürtingen-Geislingen
17:30-17:50	BESTICO	Beneficial insects for easy and effective fly control	English	Joenie van der Vliet	BESTICO

Update 11.11.2022

Pig & Poultry Forum Hall 17 booth B46, 17.11.2022, Thursday					
Time	Organiser	Titel	Language	Speakers	Instution Speakers
09:30-09:50	Gesamtbetriebliche Haltungskonzepte Geflügel	Extension of the laying period through an induced laying pause	German	Dr. Peter Hiller	Landwirtschaftskammer Niedersachsen
10:00-10:20					
10:30-10:50	Bundesanstalt für Landwirtschaft und Ernährung (BLE)	Added value of sensor technology and automation for animal health in pig barns - first results from DigiSchwein.	German	Prof. Nicole Kemper	Stiftung Tierärztliche Hochschule Hannover
11:00-11:20	CID LINES NV	Biosecurity Program in the prevention of African Swine Fever	English	Elien Claeys	CID LINES NV
11:30-11:50	BESTICO	Beneficial insects for easy and effective fly control	English	Entomologist Damien Morel	BESTICO
12:00-12:20	APC	Functional ingredients to tackle the new ZnO free scenario: plasma and hydrolyzed proteins	English	Dr. Javier Polo	APC
12:30-12:50	Big Dutchman International GmbH	Self-sufficient energy supply with SunFarm & SunBox	German	Nils Neugebauer	Big Dutchman International GmbH
13:00-13:20	Meier - Brakenberg	Cooling of pig houses - practical examples of low-pressure and high-pressure cooling with cost consideration	German	Wolfgang Meier	Meier-Brakenberg GmbH & Co.KG
13:30-13:50	respeggt GmbH	Status quo of gender identification in the hatching egg with the SELEGGT process	German	Dr. Ludger Breloh	respeggt GmbH
14:00-14:20	Universität Kassel	Laying hens in mobile houses: Opportunity or risk for animal welfare, market and citizen acceptance?	German	Dr. Daniel Gieseke Charlotte Bühner	Universität Kassel Universität Göttingen
14:30-14:50	BÖL Forschungsmanagement (Bundesanstalt für Landwirtschaft und Ernährung)	Organic turkey production: demand-oriented amino acid supply in relation to genotype, feeding strategy and husbandry conditions (AminoVit)	German	Benedikt Thesing	Hochschule Weihenstephan-Triesdorf / University of Applied Sciences
15:00-15:20	ZDG	Ammonia reduction by improved litter management in poultry production	German	Dr. Kathrin Toppel	Hochschule Osnabrück / University of Applied Sciences Osnabrueck
15:30-15:50	Ökologische Tierzucht gGmbH / BLE	Ökologische Tierzucht gGmbH and its breeds: Management of the dual-purpose chicken and cock rearing	German	Pauline Seyler	Ökologische Tierzucht gGmbH
16:00-16:20	Bioland Beratung GmbH / BLE	Technology and feeding: technical challenges for resource-efficient feeding in cock rearing.	German	Steffen Joost-Meyer zu Bakum	Bioland Beratung GmbH
16:30-17:30	WATT Global Media	Feed additive solutions for reducing emissions in swine production	English	Bart Matton Dr. Carlos Dapoza	CJ Europe EMEA, EVONIK
17:30-17:50	Jadis Additiva	Targeted ammonia and odour emission reduction in fattening pigs	German	BMA Michael Kropsch	HBLFA Raumberg-Gumpenstein

Update 11.11.2022

Pig & Poultry Forum Hall 17 booth B46, 18.11.2022, Friday						
Time	Organiser	Titel	Language	Speakers	Instution Speakers	
09:30-09:50	DLG-AS Geflügel	Handling of sick and injured poultry	German	Dr. Birgit Spindler	Stiftung Tierärztliche Hochschule Hannover, Institut für Tierhygiene, Tierschutz und Nutztierethologie	
10:00-10:20	ZDG	Intelligent light control in poultry management	German	Louisa Reimers	Hochschule Osnabrück / University of Applied Sciences	
10:30-10:50	ZDG	Avian influenza and prospects for vaccination	German	Dr. med. vet. Franziska Kloska	Ceva Tiergesundheit GmbH	
11:00-11:20	ZDG	Structuring the turkey barn with light (PuLi project)	German	Prof. Silke Rautenschlein	Klinik für Geflügel, Stiftung Tierärztliche Hochschule Hannover	
11:30-11:50	BÖL Forschungsmanagement (Bundesanstalt für Landwirtschaft und Ernährung)	Use of substrates in the vicinity of poultry houses	German	M.A. Frauke Deerberg	Universität Kassel, Ökologischer Land- und Pflanzenbau	
12:00-12:20	DLG-Arbeitskreis Futter und Fütterung	Feeding and animal welfare in pigs / fibre supply	German	Dr. Gerhard Stalljohann	Landwirtschaftskammer NRW	
12:30-12:50	Öko-BeratungsGesellschaft mbH / BLE	RegioHuhn - Breed conservation using cross-breeding in organic farming	German	Olivia Müsseler	Öko-BeratungsGesellschaft mbH	
13:00-13:20						
13:30-13:50	Big Dutchman International GmbH	PigCounter & WeightCheck - Camera-based helpers in the pig barn	German	Ansgar Aundrup	Big Dutchman International GmbH	
14:00-14:20	Bioland	Free farrowing in organic farming - how to make it work. Structural and organisational requirements	German	Martin Kötter-Jürß	Bioland e.V.	
14:30-14:50	DLG-AS Technik Tierhaltung	Supplementary feeding of suckling piglets	German	Dr. Manfred Weber; Prof. Martin Ziron	LLFG Iden; FH Südwestfalen	
15:00-15:20
