

Whole-farm livestock management concepts / Network Focus Animal Welfare Hall 26 booth B06, 15.11.2022, Tuesday				
Time	Organiser	Titel	Speakers	Institution Speakers
09:30-09:50				
10:00-10:20	Whole-farm livestock management concepts Poultry	Mobile laying hens in the future	Jutta van der Linde	Bundesverband Mobile Geflügelhaltung e.V.
10:30-10:50	Network Focus Animal Welfare: Animal Welfare-Competence Center Cattle	More animal welfare through scouring options for fattening bulls - practical experience	Markus Schulze-Finkenbrink	Farmer
11:00-11:20	Network Focus Animal Welfare: Animal Welfare-Competence Center Poultry	Automatic recording of animal behaviour using artificial intelligence for animal welfare analysis in fattening turkey husbandry	Gurubaran Raveendran; Jessica Raabe	Hochschule Hannover; Friedrich Löffler Institut, Celle
11:30-11:50	Network Focus Animal Welfare: Animal Welfare-Competence Center Pig	Average concepts: Strategic precautions can save (pig) lives	Bernhard Feller	Landwirtschaftskammer Nordrhein-Westfalen
12:00-12:20	Whole-farm livestock management concepts Pig	From the movement pens, via the free farrowing pens, to group suckling	Christian Meyer	Landwirtschaftskammer Schleswig-Holstein
12:30-12:50	Network Focus Animal Welfare: Animal Welfare-Competence Center Pig	KISS - Artificial intelligence against tail biting in pigs	Dr. Friederike Warns	Landwirtschaftskammer Nordrhein-Westfalen
13:00-13:50	Federal Agricultural Information Centre at the Federal Agency for Agriculture and Food	(Agricultural) animal husbandry in the focus of communication - how do the developed project results get into practice?	Dr. Hanns-Christoph Eiden; Prof. Peter Kunzmann; Dr. Marie von Meyer-Höfer; Regina Selhorst; Moderation: Monika Fischer	Bundesanstalt für Landwirtschaft und Ernährung; Tierärztliche Hochschule Hannover; Thünen-Institut; Schweinehalterin MuD Tierschutz; Bundesinformationszentrum Landwirtschaft in der Bundesanstalt für Landwirtschaft und Ernährung
14:00-14:20	Whole-farm livestock management concepts Poultry	Successful management of flocks of laying hens in prolonged use	Dr. Ruben Schreiter	ZAFT der HTW Dresden
14:30-14:50	Whole-farm livestock management concepts Pig	Housing ++ Light at the end of the tunnel? Studies on the use of different spectral colours in piglet rearing.	Dr. Eckhard Meyer	Landesamt für Umwelt, Landwirtschaft und Geologie, Sachsen;
15:00-15:20	Network Focus Animal Welfare: Animal Welfare-Competence Center Poultry	Offering raised levels in broilers - but how?	Dr. Julia Malchow	Friedrich Löffler Institut, Celle
15:30-15:50	Network Focus Animal Welfare: Animal Welfare-Competence Center Pig	Increasing energy efficiency and sustainability in piglet rearing through the combined use of systems for exhaust air purification and heat recovery	Hauke Deeken	Rheinische Friedrich-Wilhelms-Universität Bonn
16:00-16:20	Whole-farm livestock management concepts Pig	"Animal welfare and emission control - a contradiction?"	Ewald Grimm; Dr. Stefan Nesper	KTBL; LfL Bayern
16:30-16:50	Network Focus Animal Welfare: Animal Welfare-Competence Center Cattle	Structural-technical measures to reduce ammonia emissions in cattle stalls	Prof. Dr. Barbara Benz	Hochschule für Wirtschaft und Umwelt Nürtingen-Geislingen
17:00-17:20	Whole-farm livestock management concepts Poultry	Behaviour of laying hens: How can the housing design and management be optimised?	Dr. Christiane Keppler	Landesbetrieb Landwirtschaft Hessen
17:30-17:50				

*All presentations on this stage will be in German.*

Update 18.11.2022

**Whole-farm livestock management concepts / Network Focus Animal Welfare Hall 26 booth B06, 16.11.2022, Wednesday**

Time	Organiser	Titel	Speakers	Institution Speakers
09:30-09:50	Whole-farm livestock management concepts Pig	Outdoor exercise and outdoor climate as structural elements of modern husbandry methods	Bernhard Feller	Landwirtschaftskammer Nordrhein-Westfalen
10:00-10:20	Network Focus Animal Welfare: Animal Welfare-Competence Center Poultry	When the tip of the beak stays on: A field report from practice (MuD animal welfare project #Pute@Praxis)	Pia Niewind	Landwirtschaftskammer Nordrhein-Westfalen
10:30-10:50	Network Focus Animal Welfare: Animal Welfare-Competence Center Poultry	Ducks and geese in Niedersachsen - working results from the Animal Welfare Plan 4.0	Dr. Eva Moors	Niedersächsisches Landesamt für Verbraucherschutz und Lebensmittelsicherheit (LAVES)
11:00-11:20	Network Focus Animal Welfare: Animal Welfare-Competence Center Poultry	Pecking, scratching, dust bathing - practical test of employment in the broiler house	Dr. Birgit Spindler	Stiftung Tierärztliche Hochschule Hannover
11:30-11:50	Network Focus Animal Welfare: Animal Welfare-Competence Center Cattle	Cow and calf - what's that about?	Dr. Kerstin Barth	Johann Heinrich von Thünen-Institut, Bundesforschungsinstitut für Ländliche Räume, Wald und Fischerei, Institut für Ökologischen Landbau
12:00-12:20	Whole-farm livestock management concepts Pig	Outdoor climate and animal health, perspectives and limits in the ASP Expectation Land	Dr. Eckhard Meyer	Landesamt für Umwelt, Landwirtschaft und Geologie, Sachsen;
12:30-12:50	Network Focus Animal Welfare: Animal Welfare-Competence Center Pig	Dealing with the sick individual animal: We have to sharpen our eye for the pig!	Dr. Jürgen Harlizius	Landwirtschaftskammer Nordrhein-Westfalen
13:00-13:20	Network Focus Animal Welfare: Animal Welfare-Competence Center Poultry	Options for gender sorting in the egg	Prof. Dr. Rudolf Preisinger	EW Group GmbH
13:30-13:50	Whole-farm livestock management concepts Cattle	Techniques for reducing emissions in dairy cow husbandry - effects on the environment, animal welfare and the economy	Dr. Anna Rauen; Dr. Wilfried Hartmann	KTBL; KTBL
14:00-14:45	Network Focus Animal Welfare: Animal Welfare-Competence Center Pig	Sustainable and innovative housing concepts for sow management and rearing piglets (ZISSAU project) as well as alternative housing systems for fattening pigs	Andrea Friggemann, Tobias Scholz	Landwirtschaftskammer Nordrhein-Westfalen
15:00-15:20	Whole-farm livestock management concepts Cattle	Export ban on calves from dairy farms	Annette Reiners, Dr. Ariane Boldt	LWK Bremen LFA Mecklenburg-Vorpommern
15:30-15:50	Whole-farm livestock management concepts Pig	Whole-farm livestock management concepts for pigs - barn construction and functional areas	Bernhard Feller	Landwirtschaftskammer Nordrhein-Westfalen
16:00-16:20	Whole-farm livestock management concepts Pig	Design of the new housing systems in the farrowing house - (with and without straw)	Christian Meyer	Landwirtschaftskammer Schleswig-Holstein
16:30-16:50	Federal Agency for Agriculture and Food (BLE)	Minimierung des Antibiotikaeinsatzes durch automatisierte Milchleistungsreduktion vor dem Trockenstellen	Dr. Ute Müller Martin Schnare	Rheinische Friedrich-Wilhelms-Universität Bonn GEA Farm Technologies GmbH
17:00-17:20	Whole-farm livestock management concepts Poultry	Spill management in the context of nutrient inputs	Prof. Dr. Stephan Schneider	Hochschule für Wirtschaft und Umwelt Nürtingen-Geislingen
17:30-17:50	Federal Agency for Agriculture and Food (BLE)	The Animal Welfare Competence Centre Sheep - Focus on the keeping of un-cropped sheep	Rebecca Simon	Landesbetrieb Landwirtschaft Hessen

*All presentations on this stage will be in German.*

Update 18.11.2022

**Whole-farm livestock management concepts / Network Focus Animal Welfare Hall 26 booth B06, 17.11.2022, Thursday**

Time	Organiser	Titel	Speakers	Institution Speakers
09:30-09:50				
10:00-10:20	Whole-farm livestock management concepts Cattle	Performance and costs: How much is left for the stable construction?	Josef Assheuer	Landwirtschaftskammer Nordrhein-Westfalen
10:30-10:50	Network Focus Animal Welfare: Animal Welfare-Competence Center Cattle	Dealing with sick and injured animals - a guide to handling and caring for them systematically	Dr. Theresa Scheu	Lehr- und Versuchsanstalt für Viehhaltung, Hofgut Neumühle
11:00-11:20	Whole-farm livestock management concepts Cattle	Animal welfare in dairy cow grazing - problem areas and proposed solutions	Kilian Obermeyer	Universität Vechta und Grünlandzentrum Niedersachsen/ Bremen e.V.
11:30-11:50				
12:00-12:20	Network Focus Animal Welfare: Animal Welfare-Competence Center Pig	Use of alternative protein sources in pig fattening - PAP as a protein source?	Dr. Jochen Krieg	Landwirtschaftskammer Nordrhein-Westfalen
12:30-12:50	Network Focus Animal Welfare: Animal Welfare-Competence Center Pig	KoVeSch - Consortium project on the renunciation of tail docking in pigs	Dr. Heiko Janssen	Landwirtschaftskammer Niedersachsen
13:00-13:20	Network Focus Animal Welfare: Animal Welfare-Competence Center Cattle	CattleHub - digital assistance systems in cattle farming - Project Cattle Hub	Christiane Engels	Universität Bonn, Institut für Landtechnik
13:30-13:50	DLG e.V.	EIP project - SaLu_T - promising emission tests on an animal welfare house for fattening pigs	Christian Auinger; Michael Kropsch	SCHAUER Agrotronic GmbH; HBLFA Raumberg Gumpenstein
14:00-14:20	Whole-farm livestock management concepts Pig	Sustainable pig feeding (feed and technology)	Dr. Eckhard Meyer	Landesamt für Umwelt, Landwirtschaft und Geologie, Sachsen
14:30-14:50	Network Focus Animal Welfare: Animal Welfare-Competence Center Pig	Usefully supplement the forage fibre	Dr. Jochen Krieg	Landwirtschaftskammer Nordrhein-Westfalen
15:00-15:20	Whole-farm livestock management concepts Cattle	28 days on the farm - what options do we have?	Dr. Ilka Steinhöfel	Sächsisches Landesamt für Umwelt, Landwirtschaft und Geologie
15:30-15:50	Whole-farm livestock management concepts Cattle	Fattening of HF - Operational concept for bull fattening	Dr. Ilka Steinhöfel; Uwe Eilers	Sächsisches Landesamt für Umwelt, Landwirtschaft und Geologie; Landwirtschaftliches Zentrum für Rinderhaltung, Grünlandwirtschaft, Milchwirtschaft, Wild und Fischerei Baden-Württemberg (LAZBW)
16:00-16:20	Whole-farm livestock management concepts Pig	Movement pens for lactating sows - designing successfully with regard to animals and humans	Dr. Christina Jais	LfL Bayern
16:30-16:50	Whole-farm livestock management concepts Pig	Animal welfare in pig barn - impact of feeding	Dr. Manfred Weber; Dr. Wolfgang Preißinger	LLG Iden LfL Bayern
17:30-17:50				

*All presentations on this stage will be in German.*

Whole-farm livestock management concepts / Network Focus Animal Welfare Hall 26 booth B06, 18.11.2022, Friday				
Time	Organiser	Titel	Speakers	Institution Speakers
09:30-09:50	Network Focus Animal Welfare: Animal Welfare-Competence Center Pig	Climate and ammonia emission in a freely ventilated pig house	Dr. Sabrina Hempel	Leibniz-Institut für Agrartechnik und Bioökonomie e.V. (ATB)
10:00-10:20	Whole-farm livestock management concepts Cattle	Sustainable dairy barns under the aspects of animal welfare, development capacity & economic efficiency	Jochen Simon	LfL Bayern
10:30-10:50	Network Focus Animal Welfare: Animal Welfare-Competence Center Cattle	Winter weather protection for suckler cows	Detlef May	LVAT
11:00-11:20	Network Focus Animal Welfare: Animal Welfare-Competence Center Pig	Isoflurane anaesthesia - experiences and challenges	Dr. Marina Beisl	Ludwigs-Maximilian-Universität München, Klinik für Schweine
11:30-11:50	Whole-farm livestock management concepts Pig	SINS syndrome and docking waiver in the outcome of the trials	Dr. Eckhard Meyer; Christian Meyer	Landesamt für Umwelt, Landwirtschaft und Geologie, Sachsen; LWK Schleswig-Holstein
12:00-12:20	Whole-farm livestock management concepts Cattle	ITW Level 2- why are there so few farmers in it?	Wilfried Naue	Landwirtschaftskammer Niedersachsen
12:30-12:50				
13:00-13:20	Network Focus Animal Welfare: Animal Welfare-Competence Center Poultry	How to identify and prevent keel bone damage in laying hens	Julia Marggraf	Thüringer Tierseuchenkasse
13:30-13:50				
14:00-14:20	Whole-farm livestock management concepts Pig	Immission control requirements for emission reduction" (TA Luft: special features of animal welfare stables, measures, renovation of old installations - deadlines)	Ewald Grimm; Dr. Stefan Nesper	KTBL; LfL Bayern
14:30-14:50	Whole-farm livestock management concepts Cattle	Fewer animals, really less money? Less is more? New ways in bull fattening	Wilfried Naue	Landwirtschaftskammer Niedersachsen

*All presentations on this stage will be in German.*
