RECORD YOUR CONTACTS QUICKLY, EASILY AND DIGITALLY

Leave the times behind when you had to manually collect business cards and contact sheets after the trade fair with a lot of effort. With Scan2Lead, you can easily receive all visitor information digitally and in real time for further processing and integration into your company's own systems. Increase the success and efficiency of your trade fair participation, make it measurable and inspire your customers with customised and timely follow-up campaigns.

YOUR BENEFITS:

- Data protection-compliant collection of your visitor data
- All your scanned visitors' data is immediately available to you, digitally in the Scan2Lead portal.
- Use the individually customisable questionnaire to optimise your sales processes and prepare your trade fair participation in the best possible way.
- During and after the trade fair, you can use the detailed dashboards to evaluate your trade fair success.
- Transfer of data to your CRM system via free Excel export or setup of an interface (CRM/API) for a fee.

FOR ALL EXHIBITORS included in the media package

- A Scan2Lead SMART full licence for mobile devices (iOS/Android) including Scan2Lead Portal, where you can view and process all scanned visitor data. This will be sent to you by e-mail at the beginning of October.

HOW IT WORKS

- You can order additional licences and other Scan2Lead products in the Exhibitor Service Portal.
- In the Scan2Lead portal, you can create an individual questionnaire and manage licences and hardware.
- The preordered hardware can be collected from the Service Point at the IC.
- During and after the trade fair, you can view all scan activities in the portal and export visitor data directly.

PORTAL

- All recorded leads at a glance
- Analyses, statistics and graphical representations at a mouse click
- Set up individual lead sheets and predefine areas of interest
- Export of all recorded contacts
- Possibility of direct integration into your own CRM system

3 VARIANTS – SMART, COLLECT, STATION - WHICH CAN BE COMBINED WITH EACH OTHER

SMART

- Live data of all scanned visitors
- Add notes (via keyboard or voice recognition)
- Customisable questionnaire
- Rental iPads (for a fee) are available if you don't want to use your own smartphone
- Scan possible in offline mode. Data is then synchronised as soon as you are back in online mode

from € 149 plus VAT

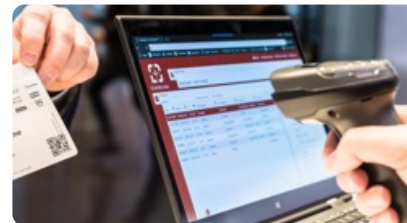

COLLECT

- No internet connection or own hardware required
- Ideal when many visitors need to be scanned quickly
- Very simple operation (at the touch of a button)
- Battery lasts throughout the event
- Manual upload of leads to the PORTAL via existing USB cable

from € 299 plus VAT

STATION

- A scanner gun that is compatible with any notebook thanks to its USB connection
- Add information and areas of interest at a mouse click
- Ideal for recording at the entrance to your presentation area or at a central information stand
- A loan notebook can be ordered on request (for a fee)
- Internet connection required

from € 299 plus VAT

SPONSOR AN OPEN INNOVATION CHALLENGE

DLG.Prototype.Club is a one of a kind start-up and software developer rapid prototyping competition in the ag machinery and ag tech industry.

This open innovation platform enables you to get more out of your presence at EuroTier / EnergyDecentral / Inhouse Farming Feed & Food Show by unlocking new potential recruits for your HR department, new products for your innovation and R&D department as well as providing a gold mine of content to your marketing team. Most importantly by participating in the DLG.Prototype.Club you can bring your big ideas to market faster and in a more cost efficient manner.

HOW DOES IT WORK

- Exhibitors define a challenge
- DLG.Prototype.Club selects teams of software developers, engineers and start-ups to solve these challenges
- The teams enter a prototyping phase two weeks before EuroTier
- The teams present their fully functional prototypes together with a business plan to the challenge partner live during EuroTier
- The complete process from the challenge announcement to the announcement of the winner of the challenge is accompanied by a high profile media campaign

INFO & BOOKING

The price of the sponsorship is subject to the type of challenge.
Please contact us for an offer & a free consultation on challenge design.

YOUR EXHIBIT AS AN EYE-CATCHER AT EUROTIER

Present your exhibits at selected locations in the outdoor area at EuroTier. These exhibition areas have been optimally positioned for visitor streams in order to achieve the greatest possible visibility and range for the exhibitor.

These exclusive areas can be booked around the exhibitor's hall. Areas that are not dependent on the specific hall are also available.

The eye-catcher areas can be combined with an information element or an information column providing the most important information about the exhibit and the exhibitor's stand, for instance.

Areas of different sizes are available in **three attractive price categories.**

Experience at past trade fairs has shown that these positions offer the best photo opportunities and are therefore used particularly frequently by photographers and journalists, but also by visitors, of course.

INFO & BOOKING

We will be delighted to inform and advise you individually about your preferred areas and to prepare a customised offer for you.

Pascal Mette | Tel. +49 69 24788-201 | p.mette@dlg.org
